Company vision

Global Leading Green Energy and Chemical Company

Constantly innovate to produce green energy and chemical products with the highest level of satisfaction for our employees, customers, shareholders, and stakeholders.

Seize the CHANCE with thorough preparation and with the spirit to CHALLENGE for continuous CHANGE for a greater future.

Achieve core technology leadership through innovation, operational excellence, and resource optimization based on an open and diversity-respectful corporate culture.

Our way

Innovation: Competency to explore future growth by attempting and suggesting new business opportunities through creative methods and expanding core businesses.

Operational excellence: Competency to continuously accumulate knowledge on production and technology and improve operational efficiency and productivity.

Core technical leadership: Competency to develop core technologies to produce differentiated and high value-added products which respond to the needs of our customers.

Resource optimization: Competency to generate optimum quantitative and qualitative services, technologies, and products by actively utilizing all resources available.

Openness in corporate culture: Competency to create a culture with openness, diversity, and mutual respect whereby we will maximize our capabilities.

Our values

Chance: The future is for those who find and seize the chance. We should take the chance when we are prepared to embrace future opportunities by swiftly responding to changing market, customer, and business circumstances.

Challenge: A greater future is achieved when we are brave enough to face a challenge with progressive and entrepreneurial minds and spirits to overcome difficulties.

Change: Innovation through change is essential for growth. We embrace continuous change to reach the same goal and attain success together.

Our strategy

Sustainable growth: Develop through systematic organizational management and activities in the areas of environment, safety, and health.

Focus on core businesses: Turn existing competitive technological capabilities and new technologies into key businesses and promote them into growth businesses.

Talent development: Nurture all employees into globally competitive talents.

Customer-focused: Satisfy and impress customers through insightful understanding of their needs, adoption of a customer-first approach, and prompt response to their requests.

Social contribution: Fulfill the role as a corporate citizen trusted by other members of society to enrich their lives.
