

About OCI

OCI is a global producer of value-added chemicals and materials for a broad range of industries. Since our founding in 1959, we have leveraged our technical expertise, process know-how, and highly efficient manufacturing capabilities to develop a diversified portfolio of world-class products and solutions. We are now meeting the needs of customers around the globe with a portfolio that spans the fields of basic chemicals, petrochemicals, carbon materials, energy solutions, and biopharmaceuticals. Looking ahead, we continue to strategically invest in tomorrow's technologies to make the future a better place as we fulfill our vision of being a global leading green energy and chemical company.

Global Leading **Green Energy** and Chemical Company

Chance

The future is for those who find and seize the chance. We should take the chance when we are prepared to embrace future opportunities by swiftly responding to changing market, customer, and business circumstances.

Challenge

A greater future is achieved when we are brave enough to face a challenge with progressive and entrepreneurial minds and spirits to overcome difficulties.

Change

Innovation through change is essential for growth. We embrace continuous change to reach the same goal and attain success together.
